A portrait sitting in my studio is a relaxed and most of all fun experience, whether for a single adult, a couple, children or a whole family.

I will capture the emotions and split second expressions of everyone for you to treasure forever.

Plain tops and jeans are ideal for family shoots. If it's a group shoot it's better to try and co-ordinate colours, but lots of different bright colours can create excellent vibrant photos.

It's a good idea to bring along something to keep children amused. A favourite teddy bear or book is ideal and can add a nice extra dimension to the photos. Props are more than welcome for adults too. Feel free to bring something along that says something about your own personality.

After the sitting we'll arrange an appointment where you come back into the studio to view a slideshow of the photos taken during the shoot. We can discuss the various options available for presenting the photos and which ones you'd like to purchase.

Pregnancy is a beautiful time to be photographed. There is no better way to celebrate this time than with a photo shoot to capture the experience.

I will photograph your pregnancy in relaxed and intimate surroundings with care and sensitivity.

The photos can be taken fully clothed, semi or totally nude depending on what you'd like and what you're comfortable with. And of course the father can be there too!

The 3-Trimester Package consists of 3 separate portrait sittings at different times during your pregnancy. The first will normally be around 6 months, the second around 8 months and the final session after your baby is born.

After the sitting we'll arrange an appointment where you come back into the studio to view a slideshow of the photos taken during the shoot. We can discuss the various options available for presenting the photos and which ones you'd like to purchase.

Whether it's a special gift for that special someone or a treat for yourself, boudoir photography is the ideal way to make you feel great.

You choose how much of you you want to be photographed from fully clothed to completely nude and I will help you achieve sensational photos whether you are a size zero or a more curvy figure.

It's important you wear something you feel comfortable in. But more importantly wear something that makes you feel sexy! To really make the most of the time it's best to bring in several different outfits. And guests are more than welcome for a bit of moral support!
